### **Staffing Assignment and Turnover**

The provision of successful services is attributable in large part to the strength of the relationship between a member and the staff directly providing the service. Given this contributory factor, provider agrees to make every effort to match and retain direct care staff under this agreement in a manner that optimizes consistency.

In order to establish and preserve this relationship, providers must take specific precautions to establish and monitor these services. Providers must have a process in place for:

1. Members to provide feedback on their experience with the employees performing these tasks and respond when appropriate.
2. Written information indicating who within the organization to contact with concerns, or questions related to the provision of services or direct care staff.
3. Provider will forward documentation and/or feedback to the Interdisciplinary Team (IDT) staff to allow members to express concerns to individuals other than the individual who performs the task

Changes in staff assignments to specific members and within the organization are at the discretion of the provider. Provider agrees to take member requests for specific staff into consideration when assigning or reassigning staff to specific members and will notify LCI IDT staff in their reporting of any changes to staff providing services.

The Provider shall maintain and provide adequate staffing to meet the needs of members referred by Lakeland Care Inc and accepted by the Service Provider.

#### **Communication, Collaboration and Coordination of Care**

LCI communicates with providers regularly in the following formats:

- Provider forums
- Mass notifications via email or mail
- Notices for expiring credentialing

Provider agencies are required to ensure LCI Provider Relations staff, LCI IDT teams, guardians, and other identified members of the interdisciplinary team for a member have accurate and current provider contact information to include address, phone numbers, fax numbers, and email addresses.

Providers will notify MCO of formal complaints or grievances received from MCO members within 48 hours of receipt. Written notification of completed complaint investigations will be forwarded to the LCI interdisciplinary team.

The provider agency shall report to the LCI team whenever:

1. There is a change in service provider
2. There is a change in the member's needs or abilities
3. The member or provider is not available for scheduled services (within 24 hours unless an alternate date is scheduled between provider and member)

The provider agency shall give at least 30 days' advance notice to the LCI team when it is unable to provide authorized services to an individual member. The provider agency shall be responsible to provide authorized services during this time period. The LCI team or designated staff person will notify the provider agency when services are to be discontinued. The LCI team will make every effort to notify the provider at least 30 days in advance.

#### **Member Incidents**

Provider agencies shall report all member incidents to the LCI team. Providers must promptly communicate with the LCI team regarding any incidents, situations or conditions that have endangered or, if not addressed, may endanger the health and safety of the member.

a. Changes in:

- Condition (medical, behavioral, mental)
- Medications, treatments, or MD order
- Falls (with or without injury)
- Urgent Care, Emergency Room or Hospitalization
- Death: anticipated or unexpected
- Any other circumstances warranting the completion of an agency incident or event report

Acceptable means of communicating member incidents to the LCI team would be via phone, fax, or email **within one (1) business day**.

All reported incidents will be entered into the LCI Incident Management System and reported to DHS in accordance with MCO contract requirements. Providers may be asked to provide any additional information or details necessary to complete the investigation of reported incidents. The provider will inform LCI when notifying their regulatory authority of incidents. A copy of the report may be submitted as a form of notification.

Note: Staff will first follow their own established in-house protocol.

Staff will then inform the IDT of *any member circumstance that would warrant family or physician notification* that includes but is not limited to the above circumstances.

### Documentation

Providers shall comply with documentation as required by this agreement and state licensure and certification requirements as expressed by ordinance, state and federal rules and regulations applicable to the services covered by this contract.

Each LCI member shall have a developed plan of care specific to their needs which address each area of service need being provided. A copy of this care plan shall be supplied to LCI IDT staff.

At any time, the IDT staff may request:

- A written report to enhance the coordination and/or quality of care, which includes:
  - Changes in members' activities
  - List of supportive tasks provided
  - Ongoing concerns specific to the member
- Additional documentation of the services provided

The provider agency must maintain the following documentation and make available for review by LCI upon request:

- Provider meets the required standards for applicable staff qualification, training, and programming
- Verification of criminal, caregiver and licensing background checks as required.
- Policy and procedure for responding to complaints, inappropriate practices or matters qualifying as member-related incidents.

#### **Billable Units**

Through the use of the Resource Allocation Decision method (RAD), the LCI IDT staff shall assess the member's needs and outcomes to determine the amount of services to be authorized. The LCI IDT staff shall exchange pertinent information with the provider at the time the referral is made to assure all health and safety needs are provided during the services. This information exchange shall include the assessed needs and amount of authorized units as it relates to services.

All aspect of services shall be discussed between the LCI IDT staff, member or legal representative, and provider to ensure proper collaboration.

The LCI team will provide a written service referral form to the provider agency which specifies the expected outcomes, amount, frequency and duration of services.

Provider rates for provision of services will incorporate all administrative and business functions related to the provision of service. Contracted rates include the provision of administrative functions necessary for services and are not billable beyond units provided to each authorized member.

Providers should reference the Rates and Service Codes chart of the contract for contract units and rates.

Providers should use increments as listed in the rates and service codes chart to bill LCI up to the authorized number of units for the member. Providers can only bill for services rendered to the member. Provider will refund LCI the total amount of any/all units billed without services rendered to LCI member.

Providers are required to provide for all identified care needs during the provision of services and are specifically prohibited from billing fraudulently for additional services during the provision of these services.

Family Care services administered by LCI are funded by state and federal tax dollars through the Medical Assistance program. As a publicly funded system, LCI strives to maintain the integrity of the program by ensuring that all services are billed as authorized by LCI, and as rendered to members. LCI ensures this protection, by regularly conducting random reviews of claims submitted by its contracted providers. LCI reserves the right to request verification documentation from providers. This could include but is not limited to providers' case notes, files, documentation and records.

#### **Additional Considerations**

- Services will be provided as identified and authorized by LCI IDT staff.

- Provider is required to comply with all applicable Wisconsin state law regarding Caregiver Background Checks and Wisconsin Administrative Rule DHS 12 as they pertain to services provided to LCI members.
- Providers may not limit or deny any LCI member services due to dissatisfaction with their LCI contracted rate.
- LCI pre-authorizes all its services. If provider bills for more units than authorized without prior authorization, these services may be denied.
- In the case that a LCI member cancels service, the provider must contact the LCI IDT staff. Services cancelled will not necessarily be rescheduled and should not be assumed by the provider.
